

With a nod to the spirit of grimy 90's bands reclaiming and celebrating guitar music, Placement lean into guitar you want to hum, with a rhythmic often spoken vocal that glues the groove, steering it through expansive storytelling, humour and the poetry of the everyday.

Formed by a group of creatives from Kurna Yarta/South Australia, Placement have spent the last few years honing their live sound, playing across the East & South coasts of Australia, and have quickly built a reputation for their ferocious live performance. With countless international supports, a busy touring schedule, and their debut album "Insect" released in 2025, Placement are putting their noisy stamp on the Australian alternative scene.

"PLACEMENT OFFER A SOUND THAT HARNESSSES THE ISOLATION OF THEIR HOMETOWN, AND PAIRS IT WITH A NEED TO CARVE THEIR OWN MUSICAL NICHE THAT IS IMPOSSIBLE TO IGNORE"
TYLER JENKE, ROLLING STONE

"PLACEMENT'S TAUT, ARTY POST-PUNK WON US OVER FROM THE JUMP. TO HEAR THEM REALISE THEIR VISION FOR THE BAND SO BRILLIANTLY ON THEIR DEBUT ALBUM INSECT IS A THRILL." DAN CONDON, DOUBLE J

Insect out now via Clarity Records
